

GROUP PROJECT

INSTRUCTIONS:

1. **Design a dashboard** to visualize the dataset provided (choose only one dataset) using Tableau Desktop. Your dashboard must include at least five business questions or insights about the data. The design should incorporate an element of interactivity and use the *Story* feature to guide the viewer in understanding your analysis.
2. **Record the process** of creating the dashboard, with a maximum duration of 5 minutes. All group members must participate in the video.
3. **Work in groups** of 3 or 4 students. Only one representative from each group should submit the Tableau workbook (in Tableau Packaged Workbook format [.twbx] and the video (any format) on PSC e-learning before the stated deadline. Ensure that all group members' names are included on one of the worksheets in the Tableau workbook.

ACADEMIC HONESTY AND PLAGIARISM:

Copying of work (texts, workbook design, results etc.) from other students/groups or from other sources is not allowed. Brief quotations are allowed and then only if indicated as such. Existing texts, design, etc. should be reformulated with your own work used to explain what you have read/review. **Be warned:** students who submit copied work will obtain a mark of **zero** for the project. It is also unacceptable to do somebody else's work, to lend your work to them or to make your work available to them to copy.
